Criteria 1	
	1 2 3 4 5 6 7 8 9 10
Effective Use of Color, Including Foliage	<div> Straightforward use of common flowers with little or no use of foliage or other color elements. </div> <div> Blending of flowers and foliage forms a harmonious effect. </div> <div> WOW: Artistic blending of flowers, foliage, and variegation forms an extremely pleasing effect. </div>
Comments:	

Criteria 2	
	1 2 3 4 5 6 7 8 9 10
Seasonal Interest	<div> Looks great in the spring, but may look bad the rest of the year. </div> <div> Has something of interest in various parts of the year, may be ho-hum during all but one season. </div> <div> Looks spectacular most of the year, with something always going on. </div>
Comments:	

Criteria 3	
	1 2 3 4 5 6 7 8 9 10
Good Gardening Practices, Quality of Maintenance, and Plant Health	<div> Plants are in a relatively weak condition due to the lack of regular watering, weeding, or deadheading. No mulch. Plants are poorly selected for the level of care provided. </div> <div> This is an average garden. Fairly well maintained with relatively few weeds and no diseased plants. Many plants are selected for the environment provided. </div> <div> Outstanding condition. Plant health is obvious, and soil is mulched. Free of weeds and harmful insects. Water requirements and disease/pest problems are considered. </div>
Comments:	

Criteria 4	
	1 2 3 4 5 6 7 8 9 10
Sense of design, personality, theme, visually appealing, whimsical touches	<div> No clear design. </div> <div> It's unique, and looks pretty good too. </div> <div> Garden is designed, planted and maintained in a manner that is creative, and the spirit of fun communicates neighborhood pride and style. </div>
Comments:	

Criteria 5	
	1 2 3 4 5 6 7 8 9 10
Plant selection	<div> A lot of maintenance will be required to keep this going. Frequent trimming may be needed to keep within height restrictions, daily watering, etc. </div> <div> Drought tolerance and height restrictions were taken into consideration, but exceptions have been made to make the garden more pleasing. </div> <div> The ultimate maintenance-free garden. Sustainability is the primary goal. </div>
